Street Markers Arrive And Installation Begins

Sixty New Street Markers Lettered in Black on White

FIFTY NEW STOP SIGNS ARE HERE

Work was begun here this week setting the 60 new street markers for the town of Benton.

The markers were ordered about two months ago and arrived here last week. The new markers are lettered in black on a white background. They are being mounted on galvanized posts.

G. A. Thompson Heads Drive

With the cooperation of the Benton Progress Club, other civic minded citizens, and through the work of City Councilman G. A. Thompson, the drive to purchase street markers was put through in two or three weeks.

It is expected that the mounting of these markers will be complete before long, and that the houses and lots in the town of Benton will soon be numbered.

Stop Signs Are Here

Fifty stop signs ordered with the street markers have been here about a month, according to Mr. Thompson. They will soon be placed at the through streets.

MARSHALL COUNTY FARMERS CONVEENE TO DISCUSS CROPS

Fifty Are Present At First Meeting Held at Briensburg

OTHER MEETINGS ARE SCHEDULED

About 50 Marshall county farmers and the county agents were present at a meeting at Briensburg last Tuesday evening to discuss cover crops, limestone and other problems of concern to farmers of this section.

According to reports this was the first meeting of its kind held this year. Discussions were made and moving pictures were shown.

Other conventions were slated for New Harmony Wednesday, Aurora Thursday and Calvert City Friday.

Bulletins on safety were issued to the Scouts, after which the recreation hour was enjoyed.

METHODISTS PLAN LOYALTY CRUSADE CHURCH PROGRAM

Drive to Be Made During October to Enlist New Members

COMMITTEES ARE APPOINTED NOW

The Benton Methodist church is making extensive plans for a "Church Loyalty Crusade" to run the entire month of October when an attempt will be made to enlist every member of the church in an active program of religious work.

To Enlist Inactive Members

One of the objectives is to enlist new members in the church. The pastor, Rev. Roy D. Williams, stated today that "there are many Methodists in Benton whose membership is in other churches and we feel that they should belong to our church. We hope to reach them and bring them into our organization."

Another feature of the program is the enlisting of those members who are now inactive. Committees will work with these in an attempt to interest them in the service of the church.

The campaign will close with the making of definite plans for the new Conference year which will begin the middle of November.

Rev. Williams states that special sermons are being preached in keeping with the program. The subject for the Sunday service will be "The Heritage of the Church."

New Library Books Added to Facilities at Benton High

Current Biography Sketches Included In New Additions

BOOK IS PRODUCT OF 96 MAGAZINES

True life stories of more than 1000 famous international and national leaders in all professions are now compiled into "Current Biography 1940," a new book just received at the Benton high school library, Corinne Nelson, librarian, announced today.

Detailed biographical fact of 1002 modern famous men and women and their personality quirks make "Current Biography" interesting reading for library patrons who like to know "who's news and why." Miss Nelson declared. Published by the H. W. Wilson Company of New York City, the book contains 928 pages and over 650 photographs of people who have been most significant in the news of 1940.

HARD SURFACING ON STREETS HERE IS NEARLY DONE

Project on Benton Street Is Being Rushed this Week

NINTH STREET IS NOW BEING USED

After about one week of actual work on the surfacing project of Benton street, it is nearing completion and automobile traffic is already heavy on it. It is expected that the entire project will be finished in a few more days.

Street Is Opened

The Ninth street program providing for about two or three blocks of concrete west from the intersection at Main is also nearing completion. Certain parts of this project have already been finished and have been opened for traffic.

The Benton street, or Depot street, project provides for a black-top surface from the Depot in north Benton south to Fourteenth street at the George Long residence, west down Fourteenth street to the Mayfield highway.

Another series of surface projects were announced this week by the City Council and WPA officials at Frankfort.

TWO PAIRS OF PEARS

Another overproductive story was brought into the Tribune office this week. This time it was a double crop of pears grown on Louis Nimmo's farm on Benton Route 4.

According to reports both the bearings were good.

ORCHESTRA GIVES FINAL PROGRAM AT HIGH SCHOOL

Kids of Swing Get Together in Final Program Sept. 17

ALL ARE FORMER STUDENTS HERE

Getting together again for a few request numbers at the Benton high school Wednesday afternoon, the Kids of Swing entertained about 700 students and visitors with some of the swing pieces they played while students in the high school two years ago.

Reed Makes Hit

As an added attraction, Elmo Reed, Brewers, accompanied the Kids of Swing and went over in a big way with "rides" on his big bass fiddle.

The orchestra was organized by Prof. Paul Reed about three and one-half years ago from a group of Benton high school students. The Kids of Swing disbanded a year ago as several members graduated, only one original member being in school here now. But Wednesday, all the original svingsters, except Kenton Holland, ace drummer, and Seth Roberts, trumpet, were present for a final curtain call.

Play Most Requested Tunes

The numbers played by the band were those requested most frequently while the Kids of Swing were organized here. Among them were "Dinah," "Tiger Rag," "Autumn Nites," "Blue Skies" and "Basin Street Blues."

Part of 3 Streets Will Be Concreted In Latest Project

TOTAL COST WILL BE NEAR \$12,000

Maintaining the steady pace of public improvements started here this spring, another new street project has just been released for operation, and will start soon.

This new program provides for a concrete surface on Poplar street from Fourteenth street to Oak; Thirteenth street from Main to Poplar; and Oak street from Poplar to Main.

Project Will Cost \$12,205

It is to be sponsored by the city of Benton at a cost to the city of \$3,618 and a cost to the Federal Government of \$8,587, making a total cost of \$12,205. Approximately 48 men will be given employment for four months on this new street project.

Resolution Is Printed

The complete city resolution pertaining to this surfacing program is printed elsewhere in this issue of the Tribune.

This is the third street project begun this summer in the town of Benton and adds another link into the ever growing chain of civic improvements here.

VACANCY FILLED IN THE COMMERCE DEPARTMENT HERE

Myron Wallace Is Added to Faculty Of Benton High

OFFICIALS STATE BIGGER CLASSES

The vacancy in the commercial department of the Benton high school has been filled this week by Myron Wallace, Paducah, according to reports from school officials.

Mr. Wallace has had five years experience in the teaching of commercial work, four being at Lone Oak high school, and Draughton's Business College, Paducah. He received his degree from the University of Arizona.

About 70 students are enrolled in the commercial department at Benton high this year, making an increase of about 20 or 25 over any previous registration in the typing and shorthand classes. It is believed by school authorities that this interest is due to the national defense movement and the increased demand for stenographers and commercial workers.

AMERICA—"LAND OF LIBERTY"

First Again

Yes...the old reliable Tribune Democrat is out in front again...this time with an advancement issue dedicated to the progress this community has made during the past few years.

Just as we were FIRST out with the "Kentucky Dam Edition," largest publication ever made in Marshall county just as we were FIRST to publish high school graduation editions...just as we were FIRST with Christmas greetings editions...just as we were FIRST with Thanksgiving editions...just as we were FIRST with the idea of a LOCAL PROGRESS AND ADVANCEMENT ISSUE.

There have been "Progress Issues" before...quite true. We don't claim to be the first or only one to attempt such a paper...nor do we take credit for the original idea being ours. But nevertheless, the Tribune is FIRST AGAIN with the idea and FIRST AGAIN with the publication of a progress edition adapted to Benton.

We've done our best to commemorate its advancement...many hours of research and work have been put in on this little issue. We hope that other papers in our friendly neighboring counties may be inspired by this, the first attempt of its kind in western Kentucky, to publish commemorative issues of their community's progress...for ALL WESTERN KENTUCKY IS ON THE MARCH. We are glad that this is true...we are glad that Marshall county and Benton have such fine PROGRESSIVE neighbors. And we do think that their PROGRESS is worthy of commemoration. We got out a LOCAL edition because we know more about our community. We are glad to dedicate the progress of our community to a greater PROGRESSIVE movement including all western Kentucky.

At any rate...we've done our best. And this is the product of our efforts.

Let's Continue to PROGRESS

A Timely Publication

No better week could have been chosen by the editors and publishers of the Tribune Democrat in which to print this "Progress Edition."

The ADVANCEMENT and PROGRESS of this community has reached new heights this week...in keeping with the solid trend of PROGRESS during the past decade.

For instance...a glance at the lead stories on our front page this week. A new project has just been released for operation that will grade, drain and surface with concrete, Poplar street from Fourteenth to Oak. It also provides for surfacing Thirteenth street from Main to Poplar. In addition to this, it provides for a concrete surface on Oak street from Poplar to Main.

One of Benton's biggest strides in its wholesale street surfacing program. Forty-eight men will be given employment for four months. The entire project is estimated at a cost of 12,000 to the city and federal government.

PROGRESS...the watchword of a growing town emphasized in Horatio Alger fashion as BENTON'S ORIGINAL PROGRESS ISSUE comes off the press.

AND...work on the beautiful Benton street continues...and the Ninth street hard surfacing program nears completion...all LIVE news for THIS week's paper. Only a few weeks back Route 68 was hard surfaced to the railroad just outside town...and the city passed a resolution providing for sewers in the new Brewster addition to town.

Yes...this is surely a timely issue.

Benton's Oldest Retired Merchant
Reviews Half Century of Progress

Charles Morgan, 69, Remembers Three Courthouses, First "Big Singing Day," and First Issue of Tribune

RETIRES THREE YEARS AGO; HOPES TO LIVE TO SEE THE DAM COMPLETE AND GERMANS WHIPPED

Declaring that the people of Benton and Marshall county are the "greatest and finest people on the earth," Charles Morgan, 69 year old retired Benton merchant, paused long enough the other day to answer a few questions relative to the progress made in this community during the past four or five decades.

"I have sold merchandise to almost every family in Marshall county and I can't find words enough to compliment them properly for the kindness and many favors they have always shown me," Mr. Morgan stated.

Remembers Three Courthouses and First "Big Singing"

Born in 1872 about a mile and a half from the courthouse, Mr. Morgan remembers the last three courthouses built on the public square that his grandfather, Morgan helped clear nearly 100 years ago. As a little boy, he remembers and was present at the first "Big Singing Day" ever held in Benton...today one of the greatest annual occasions in the United States. The first "Big Singing" was held near the present site of the Christian church, with J. K. Lemon, founder of the Tribune Democrat, having charge. And in connection with the paper, Mr. Morgan stated that he remembers the first issue of the "Benton Tribune" that was ever printed.

"It was highly appreciated by the people of Benton and Marshall county," he said, "and I have been a subscriber ever since."

Wants to See "Dam Complete and Germans Whipped"

Mr. Morgan started business here over 40 years ago in a little one room store 12x14 feet, with a capital stock of less than \$100. He retired three years ago because of poor health, but stated emphatically that he hoped to live "long enough to see the Dam completed and the Germans whipped."

During his years of business Mr. Morgan has witnessed many changes. "When I first went into business here there were only gravel streets, no sidewalks, no electric lights, no waterworks, no telephones, no sewerage system, no automobiles, and many other improvements we have today. Every one of the merchants, bankers, lawyers and business men located about the public square when I started business are either retired or dead," Mr. Morgan related.

Appearance of Benton's Square Has Changed

"The appearance of the square has changed immensely. The stores all have different fronts, handle different types of merchandise, and display, advertise and sell them in a more modern way," he continued.

Before the coming of the railroad, it took two or three days to get merchandise from Paducah. The main articles handled then were heavy groceries such as sugar, coffee, bacon, lard and flour in 196 pound barrels. No delivery service was maintained at that time.

Mr. Morgan has always been an ardent booster of civic improvements, has stood for better churches, better roads, and better schools, and according to him, many improvements along these lines have been made. He added that he might be heard from again soon through the columns of this paper.

But in spite of all the modernizing that's going on...in spite of the progress that's being made...the greatest thing to him is the "golden friendship of all the people everywhere."

"It's Right If We Write It"

Benton, Kentucky

The
Chatterbox

By Rayburn Watkins

A Final Bow

It seems that this is the final bow of the old Chatterbox before the beckonings of Murray State call Ye Roving Reporter back to another year of collich.

This Friday I'll be right in there amongst 'em hot and heavy. Enrollment day will be on Monday...but there are preliminaries...you know.

This year I won't be caught fishing in the gold-fish pond wearing a freshman cap with my pants rolled up...or walking up and down the library steps like a wooden sentry with a broomstick for a gun. (Thank the Lord.)

A Good Stopping Place

And this issue of the old Tribune seems to be a fitting place to stop...one of the finest issues ever published in Marshall county...dedicated to the PROGRESS this county has made.

There may be other advancement issues...but I'll always remember this as the one I helped work on; write for, and make up. It's been a lot of fun...and a lot of work...but we think this paper's worth it many times...it being the FIRST of its kind in Marshall county.

A Year of Experience

Working this summer on the Tribune has meant a lot to me. Besides helping me learn the newspaper business...it has taught me several other things.

I have met a lot more people, and have come in contact with many items of information about Benton, Marshall county, and its citizenry than I could have done at any other job.

It has been said that anybody looks closely for anything pertaining to his work. This has held true in my case this summer...for I have kept close watch upon the appearance, make-up, typography, advertising, headline writing, and general news of all the papers on our exchange list. Through this I have attained a more neighborly feeling toward every single one of our neighbor counties. Now it almost seems that I am acquainted with the communities from which those papers come.

So Long...
And Thanks a Million

I guess this is the farewell...because I won't have much time to write extra-curriculars at school. Thanks a million to all those who braved it through this little column every week and commented upon it from time to time...Yes, thanks a million...from the bottom of my heart.

Mrs. H. H. Lovett, Rollie Gerson, Joe Ely, O. Shumwell and G. A. Combs will attend an officers training meeting at Fountain avenue Methodist church in Paducah Thursday.

Fall weather is approaching, and with it we can expect fog, rain, and sleet. Streets will be wet and slippery, and windshields will be coated with ice. Driving under such conditions makes extra precautions essential.

In these articles I have tried to stress the importance of constant attention when driving—not one second should be given to any other matters while you are driving. Long strips of straight pavement encourage higher speed; driving becomes more or less monotonous and invites inattention. Just one moment of inattention, especially when weather conditions are not very favorable, may put you out of circulation forever.

Don't let anything distract you! Pay attention to your driving!

All that worketh good is some manifestation of God asserting and developing good. —Mary Baker Eddy.

BENTON'S FIRST PHYSICIAN

The first physician that ever placed offices in Benton was Dr. John Maxwell. It is reported that he came to Benton from Livingston county about 1845.

X-RAY CLINIC TO BE HELD HERE NEXT FRIDAY

An X-Ray clinic will be held in Dr. Stille's office in Benton Friday, September 26, hours from 9:00 a. m. to 3:00 p. m.

This clinic is under the supervision of the State Department of Health, directed by Dr. John B. Floyd, director of Bureau of Tuberculosis, and the X-Rays are made, read and the results are reported to the Marshall County Health Department at a cost of \$1.25 each.

Any one who has been in contact with a case of tuberculosis should be X-rayed. The clinic is open to any one desiring this service.

OF THIS COMMUNITY

A Local Home Owned Store Boosting Benton and Marshall County

Thomas Morgan's store is a home owned dry goods and ready-to-wear store offering to the people of Benton and Marshall county the highest grade of clothing, shoes and ready-to-wear that can be found anywhere. They feature Curlee and Style Mart suits and top coats, Florsheim, Jarman Friendly, Fortune, Brownbilt and Wolverine Shoes, Lee's and Big Smith work clothes, Arrow, Mark Twain, E & W and Golden Dawn shirts, Stetson, Dobbs and Swan hats, Coopers & Haines underwear, Claussners silk hose, Paris Fashion and Pet 'O Paris ladies shoes, Rugby and Lampyl

sweaters, Hickok belts and suspenders and other nationally known brands. We are happy to live in this growing community to help it along with a push here and a push there. We have endeavored to further the interests of this community by being one of the largest contributors to the Hosiery Mill and other civic enterprises.

Thomas Morgan is a member of the Young Men's Progress Club and the Lower Tennessee Valley Association which had a part in securing the location of the Kentucky Dam in this section. We

strive at all times to help in the economic, social and civic progress of Marshall county.

A few years ago we opened a Ben Franklin 10c Store in Benton which competes in price and quality with the large town stores. They also feature Wallpaper and Pittsburgh Sun Proof paint in house lots.

Our interests are all here and not connected with any chains, and any progress made by this firm remains at home.

MARSHALL COUNTY FARMERS CAN SELL JIMSON WEED NOW

County Agent Gets Contract Providing For 9c Per Pound

WEED GROWS IN ABUNDANCE

According to reports from County Agent H. E. Rothwell, Jimson Weed can now be sold for as much as 9c per pound.

This heretofore useless weed grows in abundance in this county. It is used in making the drugs Atrophine and Hyemine, that are used to relieve asthma and heart trouble.

County Agent Rothwell has received a contract from Buckner, Hinkle and Buckner Co., of Paris, Ky., through which they will pay 3 1-2c per pound for large stalks and roots, and 9c per pound for leaves and small stalks not over one-fourth inch in diameter.

A number of 4-H Club boys over the county plan to harvest some of this weed for sale. This offer is open also to any farmer in the county. Further details on harvesting this weed may be obtained at the county agent's office.

Happiness and virtue rest upon each other; the best are not only the happiest, but the happiest are usually the best. —Bulwer.

CARD OF THANKS

We use this method to thank the many kind friends and neighbors who were so helpful and considerate during the illness and death of our dear wife and mother, Mrs. Lavina Swift. May each of you have like help and comfort when your hour of bereavement comes. — The Family.

MRS. NATION RITES HELD THURSDAY

Funeral rites were held Thursday at the Calvert City Baptist church for Mrs. Clara Wallace Nation, 95, native of Marshall county. Mrs. Nation died Wednesday at the home of Mrs. Harvey Gamblin, of Paducah, where she resided.

Surviving relatives are a daughter, Mrs. J. J. Gough, Benton; two sons, Dr. L. T. Wallace, Arkadelphia, Ark., and John M. Howard, Paducah; three sisters, Mrs. Minnie Harper, Mrs. Addie Wallace, both of Paducah, and Mrs. Annie Coursey, of Calvert City; two brothers, J. M. Green and J. A. Green, of Calvert City. Among other relatives are 15 grandchildren, including Galen Gough, well known in this county.

Thomas Morgan Store Is Growing Local Firm

Offering the people of Benton and Marshall county high grade clothing, ready to wear, and shoes, the Thomas Morgan store on Main street, is a PROGRESSIVE, home owned store dedicated to the advancement of the community it serves.

This modern store features Curlee and Style Mart suits and top coats, Florsheim, Jarman, Friendly, Fortune, Brownbitt and Wolverine shoes; Lee's and Big Smith work clothes; Arrow, Mark Twain, E & W and Golden Dawn shirts; Stetson, Dobbs and Swan hats; Coopers and Haines underwear; Claussners silk hose; Rugby and Lampyl sweaters; Hickok belts and suspenders and many other nationally advertised products.

Keeping in step with PROGRESS, Thomas Morgan opened the Ben Franklin 10c Store on Main street, comparing in price and quality with the large town stores.

The owners of this firm stand behind any civic program which will make Benton and Marshall county a better place in which to live.

They invite everyone to inspect their modern establishment and get their prices before buying.

Farmers Find Out Cover Crops Pay

Farmers of the county are finding that cover crops provide pasture, making it possible to save hay and other feed, according to County Agent H. E. Rothwell.

During March and April of this year, Loyd Cylie, of Benton Route 5, pastured seven milk cows on three acres of Balbo Rye, which he estimated saved at least two tons of hay. In addition to saving the hay the herd gained in milk production while being pastured on the green, tender rye. He also had two acres of rye which furnished pasture for ten head of hogs and four calves for five months. In addition to the pasture the rye served as a nurse crop for grasses and lespedeza, and the firming of the soil by the livestock was helpful in preventing erosion.

All farmers of the county, whether they have large herds or one or two cows, may profit by the experience of this farmer and seed Balbo rye, or other cover crops, this fall to provide for early spring pasture. Seeding dates, rates, etc., are given in a new leaflet now available at the county agent's office.

BALD KNOB AND BIRMINGHAM

By L. H. T.

Mrs. Ellis Jones and son Jimmie Carol of Star Lime Works spent Saturday and Sunday with Mr. and Mrs. Wade Jones and attended services at the Baptist church.

Mrs. Harvey Downing is staying two weeks with her parents Mr. and Mrs. Bert Baker in Hamilton, Ohio.

Mr. and Mrs. A. W. Brown of Dexter were the guests of her sister Mrs. Milton Downing and Mr. Downing Saturday.

Rev. Phillips to Preach at Methodist Church

Rev. E. A. Phillips will preach at the Methodist church in the afternoon of third Sunday beginning at 2 o'clock. Last week he held a very successful meeting at Mt. Carmel and this week he is engaged in a meeting at Liberty.

The Methodist Sunday School here is showing an increased attendance since several of the members have moved back to town. Thirty-three were present last Sunday. Some who knew the church before the exodus say that number seems small when compared to the old days but are ready to congratulate the superintendent and teachers for keeping the Sunday School going. The church was built in 1893 and through flood, drought, and depression it has never yet failed to have a Sunday School.

Watkins-Cox

Old timers recalled the Birmingham of thirty years ago—packets on the river and wagons on muddy roads—when Fred Heath came back last Sunday. Many expressed pleasure on seeing him. He has worked for a sand and gravel company at Metropolis for the last 15 years.

Miss Kathryn Goheen will return to Murray when the fall semester opens on Sept. 22 to finish her studies there. She will graduate next June. Since she has been attending Teachers' College she has been elected to Who's Who in American Colleges and Universities and to Kappa Delta Pi. She is on the staff of College News and is advertising manager of The Shield.

Miss Goheen is the youngest child of the late Mr. and Mrs. Luther Goheen and is only 21 years old. Her mother died a few weeks after she was born and her father within a few months. Her friends in Birmingham are very proud of her record in school. She has been staying with her sister Mrs. Sanders Watkins this summer. She graduated from high school in Metropolis when she was living with another sister Mrs. Andrew Lackey.

Revival Services at Baptist Church to Begin

Rev. W. E. Greer, pastor of the Baptist church, announces that a revival meeting will begin at the church third Sunday. Rev. J. W. Nelson of Dover, Tenn., will preach during the ten-day meeting, will be present Sunday to conduct the 11 o'clock service.

Several persons from around here have heard the Rev. Nelson speak at Bible Institutes.

Musselling Season Nearly Over

Shell diggers say this has been a good season for musselling but with the coming of cooler weather the catch grows smaller and they are making plans to beach their boats and put away their lines within two or three weeks.

Sixteen boats have plied the river from the local wharf this season with four others busy around the head of the seven-mile island. Five buyers have kept barges on the river but most of the shells gathered have been sold to two, namely Mrs. E. M. Thomas and Louis Iglert both of Paducah. They started paying \$20 a ton but the price rose to \$24.

Human pride is human weakness. Self-knowledge, humility, and love are divine strength.—Mary Baker Eddy.

Never was love, or gratitude, or bounty practiced but with increasing joy, which made the practiser still more in love with the fair act.—Shaftesbury.
